WELCOME TO THE WORLD OF UV CURE...

THE AMAZING WAY TO AVAIL ALL THE UV CURING BENEFITS. . .

- *FASTER PRODUCTION SPEEDS*
- *IMPROVED PHYSICAL PROPERTIES*
- *ENVIRONMENTALLY FRIENDLY*
- *MUCH MORE TO AVAIL...*

WE PROVIDE THE BEST SERVICES...

Welcome to UV CURE and to the world of industrial UV Curing! As a growing Indian provider of UV Spares, Equipment and Services, we welcome the opportunity to work with you to optimize your manufacturing processes and production line efficiencies by adopting the latest advances in UV technology.

We invite you to explore the World of **UV CURE**. We provide UV Curing systems, UV Curing Spares, UV Lamps, Process designs and Service for your application of UV-cured inks, coatings and adhesives onto Wood, Glass, Metal, Plastic, Paper and much more applications.

Vision & Missions:

UV CURE is a Brand created by creative people who respect diversity, delight customers, and supplies distinctive products. Our products become enabling technologies that help us and others invent the future.

Our Philosophy:

Focuses on providing customers with products and services that create, enable, and expand existing performance boundaries

Services we offer:

UV Cure is dedicated to building long term relationships with customers by providing high quality products at reasonable prices and with excellent customer service.

Our Commitments:

We can solve your production challenges by helping to find highly effective, practical solutions

About us:

UV CURE equipments are used in a number of special market applications with goals to produce higher quality products, eliminate VOC's, reduce manufacturing space requirements, increase line speeds, achieve precise performance characteristics, and reducing operating costs. Our advanced ARC Lamps and Microwave UV systems are cost effective, easy-to-use and maintain, energy efficient, eco-friendly, and perform to the highest demands in the business. We provide UV Curing systems, UV Curing Spares, UV Lamps, Process designs and Service for your application of UV-cured inks, coatings and adhesives onto Wood, Glass, Metal, Plastic, Paper and much more applications. Work with us in our R&D lab to assess feasibility of UV curing for a new application or improve an existing one. We handle projects ranging from simple to the most complex 3D cure and custom applications. Ultimately, we assist you to find the optimum solution for a specific application.

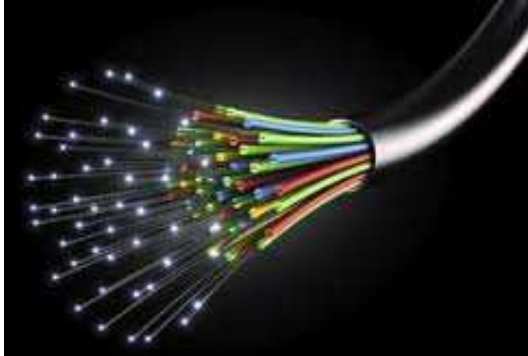

Benefits of working with UV Cure for Miscellaneous Applications include:

- ♣ Highly qualified team of experienced UV specialists
- ♣ Expertise to prove new processes or improve existing ones
- ♣ Two UV Systems (ARC & MICROWAVE) Technologies to offer the best solution
- ♣ Robust, durable UV equipment that provides consistent UV output
- ♣ Easy maintenance and exceptional ongoing technical service
- ♣ Low energy and operating costs
- ♣ Low parts costs

MARKETS:

OPTICAL FIBRE

METAL DECORATING

AUTOMOTIVE

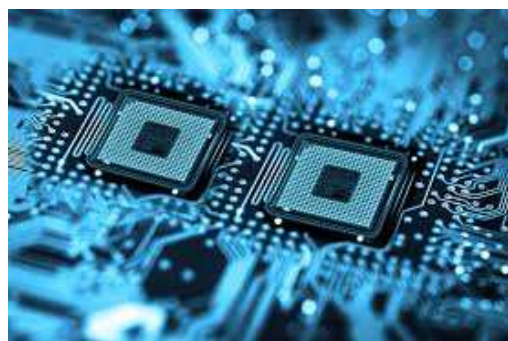

BOTTLE PRINTING

PAPER & PLASTIC PRINTING

ELECTRONIC EQUIPMENT

Others

MISCELLANEOUS UV MARKET APPLICATIONS INCLUDE:

- ♣ *Tools*
- ♣ *Adhesive*
- ♣ *Laminating*
- ♣ *Packaging*
- ♣ *Wire & Cable (non-optical fiber)*
- ♣ *Textiles*
- ♣ *Custom Applications*
- ♣ *Agriculture*
- ♣ *Formulator Composites*
- ♣ *Germicidal-Air & Water*
- ♣ *Research & Development*
- ♣ *Paper & Plastic Sheets*
- ♣ *Corrugated*

OUR PRODUCTS:

UV LAMPS

ELECTRICAL COMPONENTS

REFLECTORS & COLD MIRROR LINERS

UV CURE

LAMP HOUSING & CONVEYOR BELTS

IR LAMPS & RADIOMETERS
